

JCAHO PUBLIC NOTICE

The Joint Commission on Accreditation of Healthcare Organizations conducts ongoing accreditation surveys of hospitals nationwide, including Eden Medical Center.

The purpose of these surveys is to evaluate the organization's compliance with nationally established Joint Commission standards. Survey results are used to determine whether, and the conditions under which, accreditation should be awarded the organization.

Joint Commission standards deal with organization quality, safety-of-care issues, and the safety of the environment in which care is provided. Anyone believing that he or she has pertinent and valid information about such matters may request a public information interview with the Joint Commission's field representatives at the time of a survey.

Information presented at the interview will be carefully evaluated for relevance to the accreditation process.

Requests for a public information interview must be made in writing and should be sent to the Joint Commission.

The request must also indicate the nature of the information to be provided at the interview. Such requests should be addressed to:

Or
